Plastic pH electrode BNC connector

PID: MIKROE-4448

Plastic pH Electrode BNC connector is the high accuracy pH probe. This plastic probe can be used on all pH meters that have a BNC connection. It's protected by a plastic body reducing the possibility of damage to the probe to a minimum. This probe can read the pH liquid value without any problem.

This Plastic pH Electrode BNC connector is compatible with pH Click board™. For more information visit the product page. You can also get the full package here.
