2034-220/E, temperature probe, cable 1 m

code: SN175E

Temperature probe with Pt1000 sensor.

Direct surface probe -50 to +220°C with 1 meter cable, with ELKA connector.

Probe is not resistant against moisture. Tolerance t=±(0.30+0.005*|t|) - class B in accordance with IEC751.
