

CELLULAR NETWORK ANALYSERS FACT SHEET

SNYPER-LTE+, SNYPER-LTE+ Spectrum & SNYPER-LTE Graphyte

DETERMINING THE MOST SUITABLE SNYPER FOR CELLULAR SITE SURVEYS

SNYPER-LTE+

MAIN FEATURES:

DESCRIPTION: Sim Free, Single Survey Storage, LTE Analyser
COVERAGE: EU & USA Frequency Models
USB I/F: Interface for download of device results to a PC, as well as for device charging
ANALYTICAL TOOLS: Results available in CSV and graphical HTML format on a PC
LANGUAGE OPTIONS: English, French, German, Italian & Spanish
DISPLAY OPTIONS: For brightness, text colours, and dimming
CARRYCASE: Rugged carrycase to protect device and accessories
ACCESSORIES: Antennas, PSU, USB cable & car charger
MAPPING PORTAL: CloudSURVEY for results mapping and storage**
STORAGE: 1 single cycle survey

SNYPER-LTE+ Spectrum

MAIN FEATURES:

DESCRIPTION: Sim Free, Multi-Survey Storage, LTE Analyser
COVERAGE: EU Frequency Model
USB I/F: Interface for download of device results to a PC, as well as for device charging
ANALYTICAL TOOLS: Results available in CSV and graphical HTML format on a PC
LANGUAGE OPTIONS: English, French, German, Italian & Spanish
DISPLAY OPTIONS: For brightness, text colours, and dimming
CARRYCASE: Rugged carrycase to protect device and accessories
ACCESSORIES: Antennas (incl. LiveSCAN), PSU, USB cable & car charger
MAPPING PORTAL: CloudSURVEY for results mapping and storage**
STORAGE: Saves over 50 single cycle surveys.
SCANNING: LiveSCAN feature for assistance with antenna alignment

SNYPER-LTE Graphyte

MAIN FEATURES:

DESCRIPTION: Sim Free, Multi-Survey Storage, LTE Continuous Logger & Analyser
COVERAGE: EU & USA Frequency Models
USB I/F: Interface for download of device results to a PC, as well as for device charging
ANALYTICAL TOOLS: Results available in CSV and graphical HTML format on a PC
LANGUAGE OPTIONS: English, French, German, Italian & Spanish
DISPLAY OPTIONS: For brightness, text colours, and dimming
CARRYCASE: Rugged carrycase to protect device and accessories
ACCESSORIES: Antennas (incl. LiveSCAN), PSU, USB cables & car charger
MAPPING PORTAL: CloudSURVEY for results mapping and storage**
STORAGE: Saves over 50 x 1 cycle surveys. For multi-cycle surveys see Graphyte manual
SCANNING: LiveSCAN feature for assistance with antenna alignment
EXTENDED SURVEYS: Presets for repeated, continuous surveying
BASE-STATION LOGGING: Select a base-station signal to perform LiveSCAN logging

EU Bands	LTE	B1	B3	B7	B8	B20	UMTS	B1	B8	GSM	B3	B8
MHz		2100	1800	2600	900	800		2100	900		1800	900

USA Bands	LTE	B2	B4	B5	B12	B13	UMTS	B2	B5
MHz		1900	1700	850	700	700		1900	850

*2G not applicable for the USA

**CloudSURVEY is a subscription based service. See Siretta website for more details: <https://www.siretta.com/cloudsurvey>
