

Grove – Buzzer

SKU 107020000

This is a simple yet enjoyable twig to use. The piezo can be connected to digital outputs, and will emit a tone when the output is high. Alternatively it can be connected to an analog pulse-width modulation output to generate various tones and effects.

Technical details

Dimensions	24mm x20mm x9.8mm
Weight	G.W 10g
Battery	Exclude
Operating Voltage	3.3-5V

Sound Output	≥85dB
Resonant Frequency	2300±300Hz

Part List

Grove - Buzzer	1
