RCA (Composite Video, Audio) Female Jack Terminal Block

PRODUCT ID: 2793

- ## Description

One truth about working with A/V is you always need the cable or adapter you *don't* have in your toolbox. That's why we love these terminal-block RCA connectors so much. **No soldering required!** Use stranded or solid core wire and a small screw driver to create custom wiring jigs.

This is the **RCA (Composite Video, Audio) Female Jack Terminal Block**. RCA is one of the most common A/V connectors.

We also have a (matching) RCA Male Plug Terminal Block!
