INTEGRA ENCLOSURES

COVER-KIT-4-4

See Figure A
Included are four ea. of the following:

Item A) Cover-Hole-Plug (#9912578-66-90)
Item B) Screw-Captive-#10-32 (#9912538-82-10)

See Figure B

Install (A) screw-captive(x4) into each of the corner holes in the cover. Screw down in four corners cover to the base using torque of 10-inch pounds (Required for type 6P Rating). Note: When starting and tightening screws, it is easiest to align and tighten screws by first starting all four screws, then tightening opposite corner screws to 10 inch-pounds.
