USB 3.0 SuperSpeed Adapter - USB-A to USB-A, M/F, Up Angle, Black

MODEL NUMBER: **U324-000-UP**

Converts a standard USB port into a more convenient up-angled USB port in tight spaces, such as behind furniture or against a wall.

Features

One-Piece Adapter Connects Computers, Printers, Modems and Other USB Equipment This palm-sized USB adapter connects your computer, laptop or other compatible USB-A device, such as a Chromebook or Surface Pro tablet, to a USB-A keyboard, printer, portable hard drive, flash drive, patch panel or other peripheral. It supports USB 3.0 data transfer speeds up to 5 Gbps, which is 10 times faster than USB 2.0. The fully molded piece is small enough to carry in your pocket, purse or laptop bag.

Up-Angle USB-A Port Makes Connecting and Disconnecting Easier in Tight Spaces The female USB connector is designed at a 90-degree up angle, which makes it easier to reach in from above to connect cables where space is at a premium. This helps you, for instance, save space in your workspace by letting you push your PC flush against the wall or the back of a cabinet. Instead of leaving space in the rear for protruding USB cables, the U324-000-UP allows you to connect cables parallel to your computer.

Highlights

- Recommended for powering computers, printers and other home/office peripherals
- 90-degree-angled form factor is ideal for tight spaces, such as flush against a wall
- Supports USB 3.0 SuperSpeed data transfer rates up to 5 Gbps—10x faster than USB 2.0
- Durable one-piece molded adapter fits easily in pocket or bag for connecting anywhere
- Plug-and-play operation with no software required for easy, immediate installation

Applications

- Connect devices like computers, servers and external hard drives in your data center, workspace or home theater
- Create a USB connection in a hard-to-reach space, such as against a wall or behind a desk

Package Includes

- U324-000-UP USB 3.0 SuperSpeed Adapter
