

ProVue Magnifying Lamp **LED** w/Rolling Stand

Elegant and eco-friendly mobile design

The Aven ProVue LED Magnifying Lamp, combined with a heavy-duty floor stand with weighted base and five swivel casters, provides full mobility for applications in beauty salons, the medical field and even at home. The 30-inch pole height is perfect for standing or seated inspection. The magnifier, which features 45 SMD LED lights and a 5-inch crystal clear 5-diopter (2.25x) glass lens, provides 360° distortion free viewing. The white metal housing is mounted to a 45-inch spring balanced arm with tension adjustment knobs and stays set securely in any position.

Features

- 45 SMD energy efficient LEDs provide shadow-free illumination
- 5" 2.25x (5 diopter) crystal clear glass lens for 360° distortion-free viewing
- 45" spring balanced arm stays set in any position
- 5 full swivel castors for easy mobility
- Designed for durability
