## SPECIFICATIONS

| Item          |                          | Specifications                         |
|---------------|--------------------------|----------------------------------------|
| Antenna       | Frequency Range          | 2400~2483.5MHz                         |
|               | Band Width               | 83.5MHz                                |
|               | Polarization             | Linear                                 |
|               | Gain                     | 5dBi                                   |
|               | V.S.W.R                  | <2.0                                   |
|               | Impedance                | 50 Ω                                   |
|               | Connector                | SMA Male or others                     |
| Environmental | Operating Temperature    | -40℃~+85℃                              |
|               | Vibration                | 10 to 55Hz with 1.5mm amplitude 2hours |
|               | Environmentally Friendly | ROHS Compliant                         |
