UMCC female-to-female cable adapter

PID: MIKROE-3999

The UMCC - Ultraminiature Coax Connector is an ultra low profile coax female to female interconnect solution that meets the ever growing demand for miniaturization in next generation wireless applications. UMCC cable are available as double-ended jumpers and inter-series assemblies, and PCB jack receptacles for board mount applications. This adapter is perfect fit to be used with our NFC extend Click and any of existing RFID/NFC antennas (link ka antenatal u shopu).

Mikroe produces entire development toolchains for all major microcontroller architectures.
Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
ISO 14001: 2015 certification of environmental management system.
OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).
