

ARM SET 16

Recording Kit- Recording Excellence Simplified

About Item

1. **All-in-One Combo:** All-in-one recording set: 1* Mic Adjustable Suspension Scissor Arm Stand, 1* Shock Mount, 1* Dual Layer Pop Filter, 1* Mic Clip, 1*Screw Adapter, 3* Cable Ties. Everything you need is in the package to start recording premium-quality audio. This is a 16-inch arm stand. This recording kit is a very rare configuration that is hard to find.
2. **Shock Mount:** Made of high-quality material with a convenient rubber rope design for all-around microphone protection and prevention of falling. The shock mount is compatible with a range of microphones.
3. **Heavy-duty Mic Stand:** Extra strong prevents accidental dropping, noise, and shaking. Includes table mounting clamp with a protective layer and adjustable positioning screw for easy desktop clipping (2.1" table thickness).
4. **Double Screen Pop Filters:** The first screen blocks air blasts like a regular pop filter. The gap between the layers disperses the remaining pressure, ensuring easy containment by the second screen.
5. **Especially Design:** The cable ties feature a self-locking fastener design for strong, durable, and secure locking. Easy handling and prevention of snagging in tight spaces.

Product Description

Introducing our ultimate recording kit, designed to take your audio production to new heights. At the heart of this recording kit is our high-quality shock mount, providing top-notch protection for your microphone. It's a durable material and adjustable to suit a wide range of microphones. Accompanied by our heavy-duty mic stand, equipped with a strong spring and table mounting clamp, your microphone stays securely in place, free from noise and shaking.

Our double-screen pop filters ensure pristine sound by effectively blocking air blasts. And with our specially designed cable ties, managing cables in tight spaces becomes a breeze. Unleash your creativity with our comprehensive recording kit today.

At 5 Core, Customer satisfaction is our priority—a proven track record of delivering the highest quality product since 1984.

Features

Product specification:

- Weight capacity- 4 Lbs
- Clamping range- 2.1" Max
- Base- 360-degree adjustable
- Arm shaft- 180 degrees adjustable

Recording Kit Package contains:

- 1x Mic Clip.
- 3x Cable Ties.
- 1x Shock Mount.

- 1x Screw Adapter.
- 1x Dual Layer Pop Filter.
- 1x Mic Adjustable Suspension Scissor Arm Stands.

Well Made & Sturdy

- The arm stand is made of high-quality metal, solid and stable. This heavy-duty mic stand is a versatile configuration for both beginner and professional use, which can be used for most applications such as broadcasting, studio, recording, TV Stations, etc.
- With using the included 5/8" to 3/8" adapter which in line with industry standards, the boom arm stand is compatible with Blue Yeti, Blue Snowball, Blue Snowball iCE, HyperX QuadCast, SoloCast, Fifine K669B (Shock mount not included), etc.
- The upgraded table clamp in the recording kit is designed with a side screw that can have the microphone stand been firmed tightly on the desk. The sponge pad on the clamp could protect your table without any scratches when you swivel it.

Ultra Strong Fastening Cable Ties

- Made from high-quality material with hook & loop attachments, reusable and durable to hold all of your cables securely.
- It is simple and easy to use. They can be for front and back dual-use. Ideal for keeping all different kinds of cables well organized and tidy in place.

Double Layered Wind Pop Filter

- Double layer gauze filters excess noise to the lowest. Picks your original sound only.
- The first screen blocks air blasts as any pop filter normally would, the gap in between then disperses any remaining air pressure. Then it passes the second screen, the blast is easily contained to produce great quality recordings.

Professional Metal Shock Mount

- Feature an angle adjustment with locking knob.
- The professional shock mount isolates most studio condenser mics from physical vibration, floor, and stand noise.

- Wide of the clip: 1.8" (4.5cm)

Frequently Asked Questions and Answers

Question: Does the kit include mics?

Answer: No. The package does not include a microphone.

Question: Is the mic stand adjustable?

Answer: The microphone stand is adjustable. It is flexible and can be changed according to your needs and wants.

Question: How does the upgraded table clamp protect the desk?

Answer: The table clamp is designed with a side screen and soft pad that effectively cushions and protects your desk surface from scratches or damage during microphone or webcam mounting.

Question: Can I use the cable ties for other purposes?

Answer: Absolutely! The package includes cable ties that can be used to manage and organize various cables, not just for your microphone. They are versatile and can help prevent cable mess in different settings.

Question: Is the recording kit suitable for professional use?

Answer: Yes, the recording kit is suitable for both beginners and professionals in the audio recording industry. Its durable construction, adjustable positioning options, and enhanced stability make it a reliable choice for professional-grade recordings, podcasts, voiceovers, gaming, and more.
