

Quality Products. Service Excellence.

DIN Rail Mounted Enclosures 1597DIN Series

Key Features:

- Ideally suited for housing electronics for DIN rail-mounted devices. Applications include:
 - Industrial drives and controls
 - Automation
 - HVAC
 - IoT
- Mounts to standard symmetrical 35 mm DIN rail
- Dark gray mounting base molded from PPE & PS
- Light gray main enclosure body molded from polycarbonate
- Material carries a flammability rating of UL94-V0
- Designed to meet IP20
- Snap closures for easy assembly, no hardware required
- 5 models available
- 4 types of covers sold individually for use in a wide variety of applications
