Adjustable Expanding Transfer Punches (Center-Locating Punch)

3 Piece Set

Precision Centering for Workpieces

Adjustable Expanding Transfer Punches provide a superior solution for determining the center of a hole. Whether you're working with masterpiece pieces or drilling jigs, these punches offer offset-free centering and perfect alignment.

- Offset-Free Centering:** Unlike standard transfer punches, our Industrial quality Adjustable Expanding Transfer Punches allow precise, offset-free centering on workpieces.
- Slitted Centering Sleeve:** The slitted centering sleeve ensures optimal alignment with knurled screws in masterpiece or drilling jigs.
- Hardened and Tempered:** These punches are made from special tool steel, ensuring durability and longevity. (resharpen-able)
- Three Sizes Available:**
 - Size I: Length: 3 3/4", Hole Ø: 0.23" - 0.31" (similar to 6 - 8 mm)
 - Size II: Length: 4.13", Hole Ø: 0.31" - 0.43" (similar to 8 - 11 mm)
 - Size III: Length: 4 1/2", Hole Ø: 0.43" - 0.62" (similar to 11 - 16 mm)

General	
Item number	430 143
EAN	4049002023880
Weight	0.35 lbs

Specification	
Packaging	Clear plastic case

Classification	
eCl@ss 10.1	ACC537012
ETIM 7.0	EC002134
proficl@ss 7.0	AAB904c002
Prop65	⚠ WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov .

Contents
