

SRA DELUXE DUAL-LAYER SOLDERING MAT

Product Description

The SRA Solder Dual Layer Deluxe Soldering Mat, a must-have addition to every electronics enthusiast and professional's workspace. Crafted with precision and designed for utmost convenience, this soldering mat is the ultimate tool for soldering, assembly, and repair work. The mat features a large 17.6 x 11.7" footprint with ample storage for tools and components. The perimeter is flanked with molded compartments including a magnetic parts holder, and hardware grid for keeping projects organized. The inner mat is 9.75 x 6.75 and serves as your heat-resistant workspace for soldering. It can easily be removed and moved around wherever your work takes you!

Key Features

- **Superior Heat Resistance:** Inner Mat withstands temperatures up to 500°C (932°F) without melting or deforming, offering unbeatable protection for your work surface.
- **Generous Dimensions:** Measuring 17.6 by 11.7 inches, our soldering mat provides ample space to accommodate various projects while keeping your workspace organized.
- **Magnetic Parts Holder:** Featuring an integrated magnetic parts holder, you can keep small components, screws, and nuts securely in place. No more misplaced parts during your work!
- **Hardware Grid:** The built-in hardware grid aids in precise measurements, alignment, and organization, making your soldering and assembly tasks a breeze.
- **Tool and Component Storage:** Dedicated sections and pockets allow you to keep your essential tools and components within arm's reach, enhancing your workflow efficiency.

Applications:

- Electronics soldering and desoldering
- Small parts assembly and repair
- DIY electronics projects
- Circuit board work
- Jewelry making
- Precision mechanical assembly

Product Specifications:

- Full Mat Dimensions: 17.6 x 11.7 inches
- Inner Mat Dimensions: 9.75 x 6.75 inches
- Inner Mat Heat Resistance: Up to 500°C (932°F)
- Material: High-quality, heat-resistant composite
- Country of Origin: China

Package Contents:

- 1 x SRA Solder Dual Layer Deluxe Soldering Mat
