

SPECIFICATION SHEET : PART #RS48-2

The minnow (400lb) double-thread fishing magnet

The Minnow : 400 lb (combined) pulling force, double sided round neodymium magnet, with two M8 eyebolt (1.89" diameter)

Description :

Our smallest fishing magnet. **Perfect for first timers and kids.** It's about as heavy as a can of soup (310 grams / 0.68 lb). It has a great throwing weight.

This model with two eyebolts provides more versatility by allowing it to be used as a double-sided, or single sided magnet. The eyebolt can be screw into the side of the casing or through the magnet face.

What's in the box?

It includes two threaded eyelets. This assembly is made with A3 steel plate and coated with Nickel-Copper-Nickel to be the strongest and most durable type of fishing magnet available.

The holding power of **400 lb is a combined maximum pull** between the two magnetic face. Each side will produce around 200 lb of pulling force.

Recommended rope (included) : 8mm x 20m

Additional product recommended :

Threadlocker to keep the eyebolt from backing out.
