Press Insert for Plastic

SPECS:

Part No: 260-008-RS

Style: Reverse-Slot

Installation Method: Press-In

Material: Brass

For Use In: Thermoplastic, Thermoset Plastic

Internal Thread: 8-32

Overall Length/in (L): 0.313

Diameter/in (A): 0.280

Diameter/in (B): 0.230

Thickness/in (T): 0.032

*Rec. Hole Size/in: 0.219

INSTALLATION

To install, simply press the insert into the hole. The insert compresses as it is installed. As the fastener is threaded into place, the insert expands and the diamond knurling secures it in place.

* Hole size requirements may vary depending on a number of factors, including material and tools.
We recommend that you test your application prior to production.
