MT15-SROD-200-SS, With Scale

Ruland Hollow Round Tube With Scale, OD 15mm, ID 12mm, L 200mm, Stainless Steel

Description

Ruland MT15-SROD-200-SS is a solid round tube with scale with a 15mm outside diameter, 12mm inside diameter, and 200mm overall length. It is designed to fit with Ruland clamp connectors, swivel components, and mounting bases that begin with MT15. MT15-SROD-200-SS is made of 304 stainless steel for high corrosion resistance. It is used to support components for mounting sensors, screens, reflectors, plexiglass machine guards, and other industrial components. Major increments are 10mm and minor increments 1mm giving the user a high degree of adjustment precision. When the system combines this tube with a clamp or swivel connector with adjustable clamping handle, the user can make fine rapid adjustments for improved efficiency and accuracy. MT15-SROD-200-SS is hollow for reduced weight and to help protect wires from components such as cords and screens from being damaged. When combined with MT15-RTUBECAP-P tube caps the user can drill in the tube cap to reduce cords exposure to the operating environment for safety. It is precision ground to help reduce surface imperfections. MT15-SROD-200-SS is manufactured by Otto Ganter, inventoried by Ruland, and RoHS3 compliant.

Product Specifications

Outside Diameter OD	15 mm	**Inside Diameter ID**	12 mm
Overall Length L1	200 mm	**End To Scale L2**	20 mm
Fits With Clamps	MT15	**Tube Tolerance**	h11
Weight (lbs)	0.198400	**Material Specification**	304 Stainless Steel
Manufacturer	JW Winco/ Otto Ganter	**UPC**	634529230749
Country of Origin	Germany	**Tariff Code**	7609.00.0000
UNSPC	31162908		
Note 1	Performance ratings are for guidance only. The user must determine suitability for a particular application.
