# MT10:12-SWMB-M8-A

Ruland Swivel Mounting Block, Width/Height 20mm, Length 38mm, Aluminum

## Description

Ruland MT10:12-SWMB-M8-A is an swivel mounting block with a M8 center thread, M4 cross threads, 10mm base height, 8.5mm recess diameter, 20mm width/height, and 38mm overall length. It is made of aluminum with a matte tumbled finish. Swivel mounting blocks are primarily designed to mount sensor and mounting brackets with the same width/height. In addition, this part can be combined with swivel and t-swivel clamp joints with the same width/height to make articulated swivel clamp mounting joints. Adjustable lever clamping kits with the same width/height can be attached to the swivel mounting block.
