

5 Core Portable Blender- Fuel Your Lifestyle!

About Item

1. **600ML Super large capacity:** The upgraded smoothie blender has an extra-large capacity of 20 Oz and is made of food-grade materials. It is BPA-free, non-toxic, and environmentally friendly. This mini blender is highly portable, making it perfect for use in the kitchen, office, campaign, fishing, & outdoor activities.
2. **Blend on the go:** Blend your fruit smoothies, shakes, and icy drinks directly in the 20 Oz(600ml) BPA-free portable travel jar. After blending, you can simply grab the jar and take it with you. The blender jar has a travel lid that can be used as a go-cup. It is portable, lightweight, and fits in most car cup holders.
3. **Powerful Blending performance:** Experience powerful blending performance with the portable blender's high-power copper motor. The motor power is 160W and the speed can reach 20000rpm, allowing the 304 grade stainless steel blades to easily crush fruit, vegetables, ice cubes, and more in just minutes. This portable blender is perfect for making salads, jams, frozen fruits, nuts, and various other recipes.
4. **Simple one-button blending:** With its simple one-button operation, the portable blender allows you to quickly prepare a variety of drinks. Whether it's shakes or smoothies, this blender will be your go-to appliance. The jar and lid are dishwasher safe, ensuring easy cleaning. However, remember not to put the base in the dishwasher or microwave the blender.
5. **Nutrient extraction:** Unleash the nutritional potential of whole fruits and vegetables. Harness the vitamins and nutrients found in fruits and vegetables by extracting them into a drink. This process involves blending the entire fruit or vegetable, including parts that are typically discarded, to maximize the nutritional benefits.

Product Description

Unlock the hidden nutrition and unleash your creativity with our powerful compact blender. This juice maker is designed to fit seamlessly on any counter-top, giving you easy access to its intuitive controls. Experience on-the-go convenience like never before as you blend directly in the 600ML, single-serve cup, allowing you to attach the spout lid and enjoy your creation wherever you desire.

With its exceptional frozen blending capabilities, this blender crushes ice and pulverizes frozen ingredients, enabling you to indulge in resort-like frozen drinks, smoothies, and delectable frozen treats. Elevate your culinary adventures and nourish your body with nutrient-rich whole fruits and vegetables using our compact and versatile portable blender.

At 5 Core, Customer satisfaction is our priority—a proven track record of delivering the highest quality product since 1984.

About Brand

5 Core, headquartered in California, warehouse in Bellefontaine, OH, USA, has a reputation for being a trusted and reliable brand, offering products designed to meet the highest industry standards. Our products are thoroughly tested and inspected before they are sent to the end user, ensuring that the customers receive products of the highest quality and reliability. With a commitment to quality, affordability, and customer satisfaction, 5 Core is a brand people can trust for all their needs and wants.

Powerful

Though with little size, a 160W copper motor with pulse technology allows your single blender for shakes and smoothies to expand your creativity in the kitchen. Blending and mixing become quick and simple tasks with the La Reveuse bullet portable blender that make it more fun in the kitchen.

Easy

This small blender doesn't have an ON/OFF button. Instead, it has a micro switch inside the motor base. First, plug in the motor base, then, just press down the bottle to the base to start, and release to stop; for continuously working, just lock the bottle to the base, and remove the bottle to stop. Just this easy.

BPA free and Easy to Clean

One BPA-free cup with 18 ounce (500ml) capacity plus a travel lid, perfect size for single person use. You can make your smoothie in anyway you like. The drinking lid cup turns your healthy drink into the to-go mixed beverage and add extra portability for carrying to the office, gym, or class, in the car, or in your bag. Let you enjoy fresh homemade smoothie everywhere.

Healthy

This little blender can make your green smoothies, shakes, baby formula, salad dressings, and juices while in the office or traveling or in a dorm, or before doing sports in seconds. A good helper for adopting a healthy lifestyle. Let you extract nutrients from fresh fruits and veggies.

Efficient

It's easy to take on the road to the office, gym, or class, in the car (fits most car drink holders), or in your bag. Though the bottle is not dishwasher safe, you can clean it by flushing it under the tap. Or clean the portable blender by filling the bottle with clean water, then pulse blending for convenient cleaning.

Portable

Portable and convenient

Q&A

Question: Can I use the blender to crush ice?

Answer: Yes, but make sure the ice cubes are not huge.

Question: Is the blender easy to clean?

Answer: Absolutely! Our blender is designed with easy cleaning in mind. The blending jar and lid are dishwasher safe, making cleanup a breeze. However, the base should not be submerged in the water. Simply wipe it clean with a damp cloth.

Question: Can I make nut milk or nut butter with this blender?

Answer: While our blender is not specifically designed for nut milk or nut butter, it can still handle certain nuts. However, please note that achieving a smooth consistency may require additional time and processing.

Question: How long does it take to blend a smoothie?

Answer: The blending time can vary depending on the ingredients and desired consistency. Generally, it takes around few minutes to blend a smoothie to a smooth and consistent texture.

Question: Can I use this portable blender to make smoothies with frozen fruits?

Answer: Absolutely! Our blender is equipped with powerful blending capabilities, allowing you to easily blend frozen fruits into deliciously smooth smoothies.
