WF 1090 DBL

About Item

1. **1000-watt power:** The 5 Core subwoofer speaker has an 4 ohm impedance. It can handle a peak power of 1000 Watts and CEA-rated RMS power of 75 Watts. The voice coils are 100% copper wire and are high-temperature 1” CCAW with Kapton paper winding. The subwoofer cone is specially designed for bass effect, and the voice coil is highly insulted.
2. **Unmatched performance:** The 10-inch subwoofer has a (90x36x17)x2 high-quality magnet and cast steel body with a pre-treated woofer frame, making it a beautiful finish and efficient. The inbuild heat sinks ensure proper heat dissipation and voltage sustainability.
3. **Cone:** The cones used to make this car audio subwoofer are ultra-stiff, thicker, and stronger than other subs on the market, allowing them to handle more power. The thick foam surround provides incredible sound quality with minimal distortion.
4. **Play hard, Play Longer:** The PP reinforcement edge ensures a long life for this subwoofer 4-ohm voice coils configuration. The low carbon forged T-yoke and washers with Y-30Ferrite magnet enhance heat dissipation in the subwoofer. Additionally, it has advanced airflow cooling that extends playtime.
5. **Powerful Adhesive:** 5 Core uses highly adhesive materials in the assembly of this speaker for strong bonding between all parts. The best quality lead-free solder is used for a strong connection between the coil wire, tag, and copper tensile wire.

Product Description

The high-performance car subwoofer is designed to provide the ultimate sound experience for music lovers on the go. With a PMPO of 1000 Watts and a CEA-rated RMS 75 W power handling, it can deliver deep, powerful bass that will make your music come to life. The 10-inch subwoofer features a specially designed woofer cone that delivers a powerful bass effect and ultra-stiff cones that can handle more power than other subs on the market.

The PP reinforcement ensures long life, and the low carbon forged iron T-yoke and washers with approved Y 30 Ferrite magnet enhance heat dissipation. With its advanced airflow cooling system, this subwoofer can perform at its best, even in high temperatures.

At 5 Core, Customer satisfaction is our priority—a proven track record of delivering the highest quality product since 1984.

Features

Enjoyable commute	**Better design**	**Better materials**	**Easy install**
The high-quality car speaker improves the overall audio quality of the vehicles and makes the commute more enjoyable and relaxing.	10-inch dual 4 Ohm Voice Coil Configuration with Paper CONE with rubber edge is designed to perform and maintain the sound & system's stability.	The car audio speakers are made from high-quality ingredients. The strong structure makes the speakers durable and easy to withstand wear and tear.	The car woofer is not difficult to install. You do not have to use fancy types of equipment. Use a screwdriver, and that's it! Get the speaker and start rocking!

Product Specifications:

- Metal Sheet - MS, 10"
- Cone - Foam Edge Cone
- Impedance - 4Ω
- PMPO - 1000
- RMS Power - 75 W
- Magnet - (90x36x17)x2
- Voice Coil Size - 1"

Package Includes:

- 1x Subwoofer

Usages

The Car Speaker can be used to replace bad or old speakers.
Upgrading a factory car woofer for better sound and clarity.
Adding to a gaming setup for a more powerful audio experience.
Incorporating into a home theater setup for a more immersive expense.
Install the car audio speakers for an improved listener experience while driving.

Benefits of products

It adds a more immersive audio experience.
Delivers a more powerful audio experience.
Improves listening experience while driving.
Easy to install in the car, boat, truck, or home theater system.
It can enhance the marine audio experience on boats and watercraft.

Benefits of 5 Core over other products

Deliver powerful and clear sound.
Durable can withstand the rigors of daily use.
Resistant to high-temperature, high-wattage situations.
Large speaker cone area for a better low-frequency response.
Wide range of sound output with both high and low frequencies.

Why 5 Core

5 Core has been known for producing high-quality, premium products since 1984.
We are committed to using only the best materials and components to ensure the longevity of our products.
The best deals compared to other brands in the market without compromising on quality.
The trustworthy choice for thousands of customers scattered worldwide in more than 65 countries.
Backed by a proven track record of happy customers and peace of mind.
